• Note: The above fees are correct at the time of printing and The City College reserves the right to amend them without prior notice, if deemed necessary.

We suggest that students should also set aside in the region of £500 to cover text books across the three years of the course. We will advise you which books will be the best to purchase as they will need to be useful to you even after graduation. The college library contains many other books on the subjects we teach.

When you start to work in the clinic in the third year we will need to purchase a starter kit containing the basic equipment you will need as a practitioner. We will give you a list what you require and you may buy these items individually or approach a supplier to see if you can arrange a student discount. The starter kit will cost in the region of £200.

Before working in the teaching clinic you will also be required to take a one day first aid course which will cost in the region of £50.
